

Airbnb is the world's largest marketplace for space, and we keep getting bigger every day. With 10 million nights booked and counting, we're constantly taking on challenges in search algorithms, payments, fraud prevention, and growth — all while maintaining a beautiful user experience. We want to build solutions to these problems that are scalable, performant, and elegant, and we're looking for talented people to help us do just that.

PERKS AND CULTURE

- Health coverage
- Wellness program
- Retirement plan
- Travel
- Community/social outreach

EXAMPLES OF INTERESTING PROJECTS

"I sped up our financial pipeline by more than an order of magnitude, isolated and upgraded the code that lets guests pay with credit cards, and set up payouts through local bank transfers that will save our hosts millions of dollars in fees."
