

Dante's mission is to build an intuitive platform created by innovative people that enables customers to deliver game-changing solutions. We are a consulting firm with a product that we have built and use to bring our clients' offerings to market in rapid time. Technology is only part of the solution and not the solution itself. If you like working alongside the brightest and most engaging teammates in the industry while interacting directly with client stakeholders, then Dante is the place for you.

PERKS AND CULTURE

- Competitive compensation
- Tuition reimbursement and training
- Merit raises
- Performance bonuses
- Health coverage
