

HBK Capital Management is an alternative investment firm currently managing approximately \$8 billion in capital. The firm was founded in 1991 and employs approximately 200 individuals in Dallas, New York, London, and Charlottesville. Among the top-rated and longest-tenured hedge funds in the world, we have a refreshingly transparent and team-focused culture. Investment teams look to our proprietary software for real time insight into markets and to aid in formulating and executing strategies.

PERKS AND CULTURE

- Tuition reimbursement and training
- Health Coverage
- Wellness program
- Retirement plan
- Travel

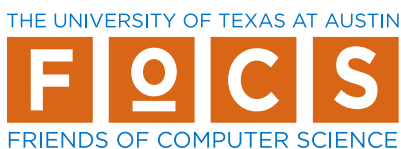

EXAMPLES OF INTERESTING PROJECTS

We are a low-ego, high-performance team with a very flat organizational structure searching for creative and passionate software engineers. All team members have the potential to make an immediate impact on our firm. Our systems are services, rich clients and web clients on Windows developed primarily with C++, C#, Python, SQL, and JavaScript. We're a close team that thrives on building great software!

- Work on building our next generation of high-performance trading and risk management systems
- Interface with investment professionals to implement features and services to enable the firm to continue to deliver superior risk adjusted returns
- Develop rich user interfaces for visualizing all aspects of the firm's operation
- Extensive automation of a trade's life cycle from conception to execution to accounting and settlement
