

Seeking an internship or career in one of the nation's largest IT shops, you've come to the right place—a company consistently ranked among the 100 Best Places to Work in IT* and recognized as an employer of choice.

State Farm's mission is to help people manage the risks of everyday life, recover from the unexpected and realize their dreams. On the surface, State Farm is a top insurance and financial services provider.

Dig deeper and you'll find vast information technology required to do what we do, on the massive scale that we do it. And the State Farm Systems Department is at the center of it all.

PERKS AND CULTURE

- Industry prestige
- Attractive benefits and pay
