

1. Complete the midterm. Your score for any exam problem will be at least that received on the exam; therefore, for example, don't redo problems for which you received full credit. Your score for this homework problem will be your revised exam score divided by 2. Please remember to hand in your exam along with your homework.
2. Problem 5.21.
3. Exercise 7.11.
4. Problem 7.13.
