# How to do well in this course

- Attend class regularly!
- Bring your laptop to class
- Bring your clicker to class
- Prepare for class by doing assigned readings and exercises
- Work on practice problems in class and use them to study for midterm
- Prepare for Labs by doing setup work on time (i.e. before Lab session)
- Sit with your partner during Lab Weeks and Final Project period
- Spend outside class time working on Labs and Final Project
- Ask lots of questions (in-class, office hours, Piazza)

Q & A
