Errata for *Logic, Sets, and Recursion, Revised Edition, 2001 and Supplement to Logic, Sets, and Recursion*

Robert L. Causey, March 3, 2006

p. 290, last line: PC should be \(\mathcal{P}C\).

*Supplement to Logic, Sets, and Recursion*

p. 60, line 5 from bottom: There is a misplaced “(“. The formula should be \((\exists z)(\exists x)(Pbxz \land Lmz)\)

p. 69, line 6: The section number, 4.2, should be 4.3.
