

# facebook

The chance to move fast, be bold and build products and services with impact has never been greater. At Facebook, we have a saying that the journey is only 1% finished — join us as you begin yours. We have tons of exciting opportunities available for university grads and interns who want to help us in our mission to bring the world closer together.

## PERKS AND CULTURE

- Competitive compensation
- Relocation packages
- Active recent graduate community
- Creative and casual environment
- Company events and social gatherings
- Employee referral bonus
- Top-of-the-line equipment
- Company-provided meals, snacks, and drinks
- Transportation passes, Facebook shuttle
- On-site gym
- Free laundry service
- Small teams, big impact

## EXAMPLES OF INTERESTING PROJECTS

- Develop highly scalable classifiers and tools leveraging machine learning, data regression and rules based models
- Analyze and improve efficiency, scalability and stability of various system resources
- Design and implement software for effective management, automation, data collection, performance analysis, monitoring, alerting and root cause analysis
- Optimize our platform infrastructure to ensure that Facebook and external applications are fast and reliable
- Design and implement extremely high-volume, fault-tolerant, scalable server systems
