## EXAMPLES OF INTERESTING PROJECTS

- Summer Interns will work to help design, develop, test, and maintain technologies and platforms that are pivotal for PIMCO's success. Our growth in TECH is prominent as we seek to continuously implement and innovate our Tech Strategy. Some include-
- Building a data science/analytics platform that will enable us to analyze the world's data and continue to safeguard our clients' assets
- Investing in Cyber Security, Business Continuity and Technology Risk to help keep our platform secure and resilient
- Creating a Cloud platform leveraging Python & Spark that will enable us to use cloud-based tools to harness the power of big data in a collaborative environment
- Use large scale compute grids on public cloud to run millions of scenarios to understand investment outcome
