

RIGUP

RigUp is the energy industry's largest and fastest growing marketplace for contractors and service providers. We are built by the industry, for the industry. We empower the men and women who power the world.

PERKS AND CULTURE

- Tuition reimbursement and training
- Health Coverage
- Wellness program
- Retirement plan
- Travel
- Community/social outreach
- Unlimited vacation and PTO policy
- Catered breakfast and lunch credits
- Parking/Commuter benefits
- Collaborative work environment with strong emphasis on personal initiative
- We value transparency and foster it internally and externally
- We view challenges as opportunities and we actively look for new problems to solve

EXAMPLES OF INTERESTING PROJECTS

- Develop cross platform features that work on desktop/mobile web as well as native mobile applications
- Create a Design Library System to increase cohesion among our growing digital products on web and mobile. This system will set standards in interface design, usability, and development that will inform our product and processes longterm.
- Plan and execute the migration from a monolith architecture to a modular service based architecture
- Aggregate and normalize analytics across the business for consumption by operations, sales, and customer success to aide in effectively accomplishing goals
- Automate various internal processes and build tools to empower non-technical users
- Upgrade infrastructure across all technologies by building better tooling, researching upgrade paths, and migrating to new technologies
