

How to Apply for the Elements of Computing Certificate

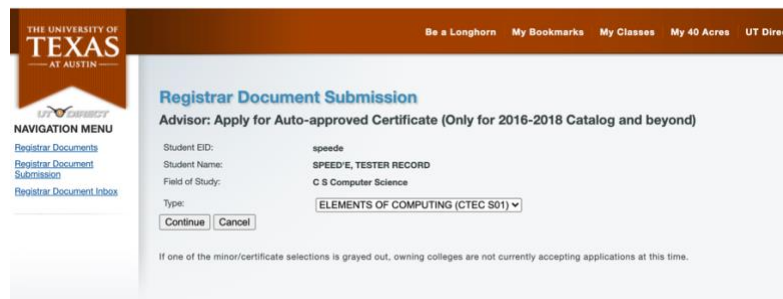

1. Speak with your academic advisor about whether the [Elements of Computing Certificate](#) is a good fit for you as a student and how you can incorporate the coursework into your degree plan
2. Apply for the certificate [here](#)
 - a. The Elements of Computing Certificate is an auto-approved certificate, so please choose that option

- b. Enter in your EID and choose Computer Science from the drop-down menu

- c. Select 'Elements of Computing' and hit Continue

- Once you have applied for the certificate and received the SAN saying you were approved, please contact your academic advisor to ask them to attach the certificate to your degree profile
- Check your [degree profile](#) to see if it says “Yes” under “Pursuing”

Description	Code	Effective	Approved	Pursuing	Certificate	Standalone
CCYYS			Catalog			
Begin						
ELEMENTS	CTEC	20209	Yes	Yes	<input type="checkbox"/>	No <input type="button" value="v"/> <input type="button" value="f"/>
OF	S01					
COMPUTING						

- If “No” is under pursuing, please contact your academic advisor and ask them to attach the certificate

Description	Code	Effective	Approved	Pursuing	Certificate	Standalone
CCYYS			Catalog			
Begin						
ELEMENTS	CTEC	20209	Yes	No	<input type="checkbox"/>	No <input type="button" value="v"/> <input type="button" value="f"/>
OF	S01					
COMPUTING						

- If they have attached the certificate and it still says “No” under “Pursuing”, please email elements@cs.utexas.edu with your name and EID

- You are now pursuing the Elements of Computing Certificate and will have access to the upper division Elements electives that you meet prerequisites for

Quick Tips

- If you are unsure if your certificate is active or not, check your [degree profile](#) first
- You should make sure that your certificate is pursuing *in advance* of registration
- The Elements of Computing certificate will not be made Stand Alone, so ensure that your advisor has attached it to your degree profile
- C S 303E and C S 313E currently do not require the certificate to be attached
- The upper division electives *do require* the certificate to be attached and set to “Pursuing” in order to have access to them
