

REQUEST FOR ENROLLMENT IN CS HONORS COURSE

Please print legibly. If you want to enroll in more than one CS Honors course, you will need to fill out one form per class (instructors will review your request individually).

In order to submit this form, all prerequisites for the course requested must be met.

Contact Information

Name: _____ UTEID: _____

Email address/phone: _____

CS course: _____ Semester/Year: _____

_____ I have submitted an application for Turing Scholars Program.

I have attached (must include both):

_____ Academic Summary, available at no cost from the Office of the Registrar, Main 1

_____ Why I want to take the CS Honors course (no longer than one page, 8.5x11)

I give permission for the Honors instructor to review my Academic Summary and/or Transcript and to ask for feedback from my current and former CS instructors. I give permission for the Honors instructor to consult with members of the Turing Scholar Faculty Committee. **(Permission by signature is required for application to be considered.)**
