Exam 1 Friday, February 25, 6:00 – 9:00 pm: content

- One question: "build a web page that. . ."
- Exactly like homework assignments
- Open book, open notes, open Internet
  - Use old homework assignments as templates
  - Use demos on class website as demos
  - Use Stack Overflow, etc., as a reference for syntax or debugging (NOT to ask people for help)
- Do NOT communicate with any other person except me
- Do NOT access "cheater" websites such as Course Hero or Chegg
- Ask if you're not sure
- You are expected to know HTML and CSS. Don't use anything we haven't covered yet.
Exam 1 Friday, February 25, 6:00 – 9:00 pm: logistics

• The exam will be from 6:00 - 9:00 pm CT on Friday, 2/25.
• It will be an online exam. Work from home (or anywhere you want).
• There are no makeup exams: if you miss it, you get a zero.
• The text "EXAM 1 on 2/25" on our website will turn into a clickable link at 6:00 pm CT. You may start immediately.
• Unlike the homework, you will turn in your exam as a .zip file on Canvas.
  • Do NOT turn it in late! Canvas will lock at 9:00 pm CT automatically, and you will get a zero for the exam. No exceptions. (Multiple submissions allowed, so turn in checkpoints.)
• I will be on my office hours Zoom ID (965-665-6117) from 6:00 to 9:00 to answer any questions during the exam.
