

Foundations of Security: Class Meetings

CS 361: Summer I 2017, Dr. Bill Young

This is tentative, but close to the final version.

We will meet at 11:30am on the following days this summer. Class officially runs until 12:45pm, but we likely will often finish early. It is very important that you come to class on these days. Roll will be taken and absences will affect your grade. Also, quizzes may be given at any time. All meetings except possibly the two exams will be in GDC 1.304. The final will be at the location designated by the Registrar.
