

Milestone 3 - 11/13

Reading Quiz

- Q1: C. DataFrames.
- Q2: A. True.
- Q3: A. DataFrames require a predefined schema.
- Q4: D.
- Q5: B. Remember `DISTINCT` operates on the entire result row that is returned.

Milestone 3

Remember not to hardcode your query parameters when trying to run queries on the Postgres instance using `psycopg`. Be sure to use the parameter substitution way of inserting parameters.
