10. _____ _____	<input type="checkbox"/> Accept <input type="checkbox"/> Reject	<input type="checkbox"/> Does Not Compile <input type="checkbox"/> Time-limit Exceeded <input type="checkbox"/> Inaccurate Answer <input type="checkbox"/> Too Little Output <input type="checkbox"/> Too Much Output <input type="checkbox"/> Run-time Error <input type="checkbox"/> Wrong Answer <input type="checkbox"/> Wrong Output Format <input type="checkbox"/> Failed Judges' Test Data <input type="checkbox"/> Check Notices

ADDITIONAL JUDGE COMMENTS:

GUIDE FOR CONTESTANTS:

Be sure to write your team number in the box in the upper left corner. Do not write your names or the name of your school anywhere on this sheet.

For the boxes in the right corner, you only need to fill in the “**Computer**” box if you are working in a lab setting where you need to specify which machine you are using. If you are using your own equipment, leave this box blank unless directed otherwise by the contest director. In the “**OS Version**” box, you may specify which operating system you are using (such as Windows 2000 or Mac OS X) if instructed to do so by the contest director.

Remember that the judges will mark only the first **OBSERVED** error. Your program may have other errors in addition to what is noted; check your work carefully before re-submitting.

Most of the notations above are self-explanatory, but here are some additional hints for some of them:

- Time-limit Exceeded – This means that your program takes longer than 2 minutes to run. Your program should typically run in less than 2 minutes unless the problem specifies otherwise.
- Wrong Answer – Check computations.
- Inaccurate Answer – Check rounding, spelling, capitalization, etc.
- Too Little or Too Much Output – This means your output has too many blank lines, a line missing, etc.
